

English

As readers and writers we will... hear stories from other cultures including African folklore and stories based on traditional tales such as Cinderella. Pupils will also look at non-fiction texts based on the human body. Children will be studying different styles of writing and write their own including: letter writing, a journal and an adventure story based upon the traditional African Cinderella tale. They will also be researching and making notes on desert animals.

Music

As musicians we will be... Composing simple rhymes (jingles) in groups, using instruments, to promote 5 a day! Investigate skeleton sounds in 'Danse Macabre' - Dance of the Skeletons by Saint Saens and creating body p compositions. Pupils will also learn topic themed science songs.

Design Technology

As designers we will... make a model of a human jaw and create model skeletons. Pupils will also design, make and evaluate a healthy yoghurt/smoothies/ fruit salad and evaluate the product.

Computing

As digital citizens we will... review coding vocabulary relating to object, action, output, control and event. Pupils will also use '2Chart' to represent a sequential program design and write the code for the program.

Visitors to support our learning:

Dental Nurse - caring for our teeth.
Doctor Barnett - muscles, bones and digestion.
Coach Ben - fitness and learning.

RE

As theologians we will... think about 'Creation' and link this to giving thanks for the harvest. Pupils will also consider the 'harvest of the World'. Pupils will examine the role they play as protectors of creation and how this links to the UN goals and the Climate Change Crisis.

Healthy Humans!

Fernworthy Topic Web

Autumn 1 2019

Maths

As mathematicians we will... Revise place-value and practice efficient methods of addition and subtraction, multiplication and Division. There will also be a focus on the children learning their times tables.

PE

As athletes we will... consider the importance of exercise and a balanced diet. Pupils will also create exercise diaries and weekly food diaries. In PE lessons they will learn skills associated with netball, taught by Coach Ben. Pupils will also have dance sessions linked to our topic.

PSHE

Through harvest pupils will consider Fairtrade, the real cost of chocolate and employment around the world. They will also consider physical health through hand hygiene and caring for their teeth. our hands. Pupils will also look at the UN Global Goals linked to Climate Change.

Geography

As geographers we will... Become familiar with the location of other continents including Africa in relation to the Europe and the UK. Pupils will also use atlases and maps. They will consider how people earn a living in the UK compared to other parts of the world and unemployment. They will consider the question: is our world a fair world?

French

As a linguist we will... Learn how to greet others in French by: asking and answering questions about how other people are, asking people's names and ages and using the numbers 1-10.

Science

As scientists we will... Learn about the importance of a healthy diet, investigate food pyramids and investigate the 'Eatwell Plate'. Pupils will also find out about different types of teeth and learn to name and describe them. To help pupils learn to look after their teeth we will invite a community dentist into school. Pupils will also investigate the functions of skeletons and name bones in the human body. The effects of exercise will also be analysed and the role that muscles and joints play in movement.
