Please pray for those whose anniversary occurs at this time:

Marcelle Bicksford; Msgr. Anthony Gilby; Kevin Smyth; Emma Strickland; Maude Whately;
George Daire; Phyllis Bromage; Frederick Gould; Rose Smith; Josef Hogbin; Beatrice Seaton;
Patrick Jennings; Emily Cutten; Beryl Beard;

May they rest in peace

If you are self-isolating and need help getting food or medicine, please give
Fr. Francis a call.

Adrian & Sue would like to thank everyone who sent us messages of congratulations and good wishes on the occasion of our 40th Wedding Anniversary last Sunday. We were very touched by all the lovely greetings we received. You helped to make our day really special in the current situation. Special thanks also to Fr. Francis for including us in the Bidding Prayers at Mass that day. We hope you all keep safe and well.

CAFOD, the Catholic Agency in England and Wales for Overseas Development, launched its coronavirus emergency appeal on 30 April. Coronavirus (Covid-19) has now spread worldwide, with confirmed cases in many countries where CAFOD works. The effects of coronavirus on developing countries are likely to be devastating. Many countries have very weak healthcare systems and will not be able to cope. Families without enough to eat and without access to clean water, possibly living with other diseases, will be particularly vulnerable to coronavirus. It is not just a public health emergency. Many of the world's most vulnerable people will lose their jobs and be unable to support their families. The poorest and most marginalised communities, working hard to transform their lives, will be pushed further into poverty. CAFOD is adapting its programmes to help manage the risk of coronavirus in communities and working with local Church aid agencies on the frontline of this crisis. They are already working to get food to where it is needed most; to improve hygiene, handwashing and sanitation in communities and households; producing radio messages, posters and leaflets in local languages on risks and prevention; and training community volunteers to carry out awareness campaigns. In order to continue protecting and improving the lives of those in poor communities, your prayers and gifts are needed now more than ever. You can donate at www.cafod.org.uk/coronavirusappeal

Another way to show your love for our brothers and sisters across the world is to sign CAFOD's petition asking the UK government to ensure that the most vulnerable and marginalised people are the priority in the UK's international efforts as well as at home. Catholic South West
The publishers of this and other Catholic Diocesan newspapers have set up a website where it can be viewed, since printed editions are not being produced at the moment. Please visit
www.ChurchPaper.co.uk

Firstly, in case you were wondering, you will be relieved to hear that I have successfully completed my First Aid refresher training (unless you have the misfortune to suffer a medical episode and I am nearby - then, knowing my frailties in the CPR department, you may wish I had failed and someone else could take over!).

Meanwhile, we are starting to hear from the children at home and the learning they are doing. We had a lovely picture from one of our Venford children, Olivia, who had been working on a bug hotel and sent us a photo of the finished result.

In school, life continues to tick along quietly with little change at present. Of course, on the horizon, is the prospect of re-opening for more children. At this stage, there is little information at school level as to what this will look like so, in some ways, it is wasted energy to speculate. However, there will probably be a need for some sort of physical distancing - whether that is possible between children or whether it will be between the children and adults. We are fortunate that the builders have been able to continue their work on preparing two new classrooms in the old Convent. This means we may have two whole additional rooms to disperse the children across. The only limiting factor at the moment is that the order for a new staircase has only just been submitted so we may have to invoke some sort of pulley system and fireman's pole to access the areas but I'm sure the children will enjoy that. Alternatively we could use the existing external spiral fire escape but that would not be nearly as much fun.

Supplies of PPE are starting to trickle in to the school and are nothing dramatically different from what we had before insofar as we have received some gloves, aprons and sanitiser. Whether we will need anything more dramatic will, of course, depend on the scientific advice leading the re-opening. I personally would hope that I can remain mask-free as far as possible as my office has glass panels across the hatch so I could wave to, and communicate with, the children and not risk compromising any physical distancing guidelines. In fact, I could lock my door and keep everyone out and even staff could only enter my social bubble upon invitation which sounds like a good way of continuing to get some work done without so many interruptions!

Marriage Matters:

Reflections on the Sunday readings.

Feeding your sheep

John 10:10 describes us as 'sheep'. God watches over and feeds us with his Word, and in the Eucharist. With God's help we have created a few more sheep, so we pray for His help, read books, use the internet to protect our children from the harm done by the 'media' and many of today 'addictions'. That's being good shepherds.

MISSION MADE POSSIBLE

Is the thought of sharing your faith with family friends and others just too scary? Are you thinking; 'that's not for me, I could never do that' or perhaps you just don't know where to start? Well you are not alone. JOIN CATHOLICS IN OUR DIOCESE AND ACROSS THE GLOBE WHO FEEL EXACTLY THE SAME WAY.

With the encouragement of Bishop Mark, you are invited to take part at home, and learn how to have these conversations appropriately and without feeling awkward. If you would like to learn more please send an email with your telephone number to jonathan.bielawski@prcdtr.org.uk and follow this link to watch the overview video titled 'How to Evangelise' <https://wp.me/paTncV-8rl>

Caritas Plymouth Quarterly Update

For the latest newsletter, please go to

<https://www.plymouth-diocese.org.uk/wp-content/uploads/2020/04/Fourth-newsletter-April-2020.pdf>

It shares our recent work and highlights the positive actions that have been happening during the current Coronavirus and the many ways in which people are supporting each other. **It also features and introduction to the new Diocesan Manager of Caritas, who is a parishioner of this parish: Deborah Fisher, who worships in Ashburton.** She would love to hear and share your stories so please do get in touch with Deborah caritas@prcdtr.org.uk with any news or updates.

He fills your mouth with laughter and your lips with rejoicing" (Job 8:21)

How Many Dogs Does It Take to Change A Light Bulb?

Dachshund: You know I can't reach that stupid lamp! Rottweiler: Make me. Boxer: Who cares? I can still play with my squeaky toys in the dark. Labrador: Oh, me, me!!!! Pleeeeeeeeeeze let me change the light bulb! Can I? Can I? Huh? Huh? Huh? Can I? Pleeeeeeeeeeze, please, please, please!

By April 29, over 967 people in the Amazon region had died of COVID-19, with 16,498 having tested positive for the coronavirus.

Mauricio Lopez, REPAM'S executive secretary, also told Crux some local governments "have been unable to implement adequate measures to care for the most vulnerable communities." He pointed to many communities in the nine-country Amazon region that live in semi-isolation or in voluntary isolation.

"The mandatory lockdown and its enforcement in the cities has left the region more vulnerable to illegal mining industries, that are responsible not only for the destruction they're causing to the ecosystem, but are also to blame for importing the virus to the region, to communities that have an immune system that is very different to ours," he said.
