MFL Curriculum Statement

***'The limits of my language are the limits of my universe.'* Ludwig Wittgenstein**

INTENT

At St Mary's Catholic Primary School, we want every child to be happy and enthusiastic learners of MFL, eager to achieve their very best and to continue to explore and learn about other cultures.

Learning a foreign language is a necessary part of being a member of a multi-cultural society and provides an opening to other cultures. A high-quality languages education should foster children's curiosity and deepen their understanding of the world. The teaching should enable children to express their ideas and thoughts in another language and to understand and respond to its speakers, both in speech and in writing. It should also provide opportunities for them to communicate for practical purposes, learn new ways of thinking and read great literature in the original language. Language teaching should provide the foundation for learning further languages, equipping children to study and work in other countries.

The National Curriculum for languages aims to ensure that all pupils:

1. Understand and respond to spoken and written language from a variety of authentic sources
2. Speak with increasing confidence, fluency, and spontaneity, finding ways of communicating what they want to say, including through discussion and asking questions, and continually improving the accuracy of their pronunciation and intonation

3. Can write at varying length, for different purposes and audiences, using the variety of grammatical structures that they have learnt
4. Discover and develop an appreciation of a range of writing in the language studied.

At St Mary's Catholic Primary School:

Children have the equivalent of 30 minutes of French teaching each week throughout Key Stage 2, using the 'Salut Sophie' programme of study in addition to other resources. Areas covered include numbers, colours, house and home, food and drink, the classroom, clothes, and hobbies.

It is intended that when children leave St Mary's Catholic Primary School, they will have a natural curiosity and confidence to explore other countries, cultures and languages, accepting that, in a multi-lingual society it is a valuable skill to be able to communicate effectively with others in another language. They will be engaged and prepared to continue language learning at their chosen Secondary Schools.

IMPACT

What is the impact of our curriculum on the children?

Assessment criteria has been developed, in line with national curriculum aims, to enable teachers to assess the progress of children in their language learning as they move through Key Stage 2, ensuring that children are supported and challenged as appropriate.

Children are also provided with a variety of extra-curricular activities such as a 'French Cafe' to promote their engagement in the subject as well as provide them with the know' ledge and skills necessary, to continue their studies successfully at Secondary School.
